Look no further than our twin tank models, providing soft, conditioned water without interruption, 24 hours per day!

Components are manufactured and systems are assembled in the USA.

USA
FLAG

10 YEAR
WARRANTY

U.S. made Dow® resin inside.

Benefits

- Systems provide soft water without interruption, 24 / 7
- One tank is operational, while the second tank is on stand-by
- Greater efficiency because the entire resin bed is utilized, before the stand-by tank goes into operation
- Highly advanced metered control valve uses less salt and water!
- Totally automatic - Ideal for residential and commercial use
- Tank jackets are included
- Ten year warranty
